This has been a great year, so much work has been done at the club and it's starting to pay off. We are getting many new members joining and enjoying the new facilities. Next year will be even better, Willy and Will the land owners have been so busy helping us make this the best RC club in the Fraser Valley. Pulling trees down and moving dirt around all year, we have been very fortunate and if you see them around give them a big thanks.

New Years fun fly Jan 01, 2014

Every year we have a small fun fly at the field to welcome the new year. Come join the gang rain, sun, snow, whatever the weather we always have a good group that show's up. If someone crashes we get 6 more weeks of winter.

Usually goes from 9:00am to noon, depending on how cold it is. We will have a big bon fire going, so bring the family.

You will need your MAAC for 2014, you can get it instantly online at www.maac.ca, bring a printed receipt. The field is looking good, with a new parking area and camp ground developed by the river. We will be having 4 flying events this year

Memorial weekend electric fun fly – all electric planes at the field and pond flying at Island 22

Huck fest – 3D plane fun fly - electric and fuel

Heli fest – helicopters - electric and fuel

Fall fun fly – all panes - electric and fuel

We are going to update “the about us” area on the website

It was originally taken from the old site and needs some refreshing

Fraser Valley RC Flyers is a MAAC-sanctioned club and flying / Dirt Track racing is done at our MAAC sanctioned field located in the North end of the Chilliwack Area. The club has many years of service in the community and has developed a reputation for being a fun place to bring your friends and family.

Everyone is welcome

If you love planes, helis, scale, 3D, gliders, electric or gas come fly them with a great group of pilots that are friendly and if you need a helping hand we are happy to spend the time with you.

Our club Dirt Track is the place to be if you love racing or spending the day throwing dirt around and getting some air time on the jumps. Electric or gas let's get them dirty.

Let's have some fun

The Air Field and Dirt Track are open 7 days a week, see you there.

Thanks

Rick Samuels
