

CLUB RULES

All FVRFC Club members must have current M.A.A.C. or A.M.A. Coverage

Get familiar with [MACC safety guidelines](#) for operating RC Models

FVRFC “Primary Flying field” Rules - 47117 Ballam Rd.

We **USE COMMON-SENSE** approach to safe flying. The goal is to be safe and have fun.

ALL SPECTATORS must remain behind the pit stations.

STAY BEHIND THE FLIGHT LINE FENCE when flying or testing your RC equipment.

NO CLIMBING FENCES: Please ask the Land Owner or Executives for help in retrieving your model.

NO CLIMBING TREES OR BUILDINGS: Please ask the Land Owner or Executives for help in retrieving your model.

CLOSE GATES BEHIND YOU: Every field has a gate; if you open it, please be sure to close it.

MAIN GATES: (there are 3) Don't forget to close the main gates if you're the last person leaving the field.

CLEAN UP: There is no litter barrel. Please leave the area clear of garbage. If other people have left litter, The Club will appreciate your help in cleaning it up.

CRASH SITES: Crashes happen. Please be sure to pick up all debris as the field is used to feed livestock.

15 & UNDER must be accompanied by a parent or guardian until one of the instructors approves solo flights.

CLUBHOUSE: Simply be respectful. Make sure doors and windows remain closed. Clean up after yourself. Please also familiarize yourself with the location of the fire extinguishers.

**If you have any questions or if any issues arise, please let us know:
